

# Privacy Policy

**Effective Date:** March 15, 2026 **Last Updated:** March 15, 2026

## Introduction

SolaOne ("Company" or "We") takes your privacy seriously and is committed to protecting it through our compliance with this policy.

The Company develops and publishes a skill-based chess platform and offers matchmaking services to the players of such games (each a "Player" and together "Players"). This policy covers all information collected while using SolaOne.fun's software, including:

- (i) leaderboards that publish Player statistics, including win rates, XP, and mathematical skill rankings (ELO) in a given game category ("Leaderboards");
- (ii) skill-based match-making between real players which may or may not include leaderboard functionality ("Match-Making");
- (iii) chess games involving Solana (SOL) game fees, including the operation of match-making, the calculation of ELO ratings, and the administration of our reward program where Players can earn and claim rewards ("Reward Program").

This policy describes:

- The types of information we may collect or that you may provide when you register with, access, use, or transact with our website.
- Our practices for collecting, using, maintaining, protecting, and disclosing that information.

This policy applies to information we collect from our website and in electronic communications sent through or in connection with any of the foregoing. This policy DOES NOT apply to information that you provide to or is collected by any third party.

Third parties have their own privacy policies, which we encourage you to read before providing information on or through them.

Please read this policy carefully to understand our policies and practices regarding your information and how we will treat it. If you do not agree with our policies and practices, do not register with, or use the Company website. By downloading, registering with, or

using the Website, you agree to this Privacy Policy. This policy may change from time to time (see Changes to Our Privacy Policy). Your continued use of the Company Website after we revise this policy means you accept those changes, so please check the policy periodically for updates.

## Blockchain Integration and Data Transparency

Our Website operates in connection with the Solana blockchain network, which fundamentally affects how information is recorded and accessed. By using our Website, you acknowledge and understand the following regarding blockchain technology and your data:

- **Public Nature of Blockchain Data:** All transactions and data associated with your interactions on our Website, including but not limited to Solana wallet addresses, transaction hashes, payment of game fees, claimed rewards, and other relevant activities, are recorded on the blockchain. This data is inherently public, transparent, and immutable, meaning it is permanently stored and viewable by anyone on the blockchain network.
- **Wallet Address as Public Identifier:** Your blockchain wallet address, which is generated or used to interact with our Website, serves as a public identifier for your financial activities within our ecosystem. While this address may not directly reveal your real-world identity, it can be linked to your on-chain activities.
- **Data Immutability:** Once transactions and data are recorded on the blockchain, they cannot be altered or deleted. This ensures the integrity and transparency of all activities within our Website.
- **Company's Limited Control Over Blockchain Data:** While we are committed to protecting the personal information we collect and manage off-chain (such as your Google-linked email or username) as described in the rest of this Privacy Policy, we do not control and are not responsible for the information that is recorded and made public on the blockchain itself. The nature of blockchain technology dictates this inherent transparency.
- **Your Responsibility:** You are responsible for understanding the public nature of blockchain data and for managing your wallet and on-chain activities with this in mind. Consider the implications of linking your wallet address to other online activities or personal information.

## Age Limits

If a user is under 18 years of age, they may not use our Website.

We do not knowingly collect personal information from anyone under the age of 18. If you know of a user under the age of 18 using our website please contact us immediately at [contact@solaone.fun](mailto:contact@solaone.fun).

## Information We Collect and How We Collect It

We collect information from and about users of the Website:

- Directly from you when you provide it to us.
- Automatically when you use the Website.
- Automatically when you execute transactions on the Website or the Solana blockchain.
- Automatically when you communicate through the Website (in-game chat).
- Details of transactions you carry out through the Website and details related to the fulfillment of your transaction (game fees, XP claims, withdrawals).
- Automatically when you allow various permissions on our websites using cookies.

### A. Information You Provide to Us

When you register with, or use the Website, we may ask you provide information:

- By which you may be personally identified, such as email address (via third-party authenticators like Google).
- Information submitted by you that may allow you to be personally identified, such as a user-selected username, connected external chess usernames, and information that you communicate to the Company within the Website (e.g., customer support inquiries).
- That is about you but individually does not identify you, such as the following: Website input data, in-game chess moves, ELO ratings, XP balances, and mathematical skill rankings based on your gameplay data.

### B. Automatic Information Collection and Tracking

When you access and use the Website, it may use technology to automatically collect:

- **Usage Details.** When you access and use the Website, we may automatically collect certain details of your access to and use of the Website, including traffic data, logs, communication data (chat logs), chess game history (FEN/PGN records), your ELO ratings (rapid, blitz, bullet), XP earned, and a profile of skill level developed from gameplay data.

- **Device Information.** We may collect information about your device and internet connection including the IP address, operating system, browser type, and network information.
- **Location Information.** This Website may collect and log real-time information about the location of your device to limit certain game modes to jurisdictions in which such operations are authorized.
- **Cookies.** Cookies are small text files placed on your device that allow us to improve our services, analyze traffic, and enhance your overall user experience.

### C. Third-Party Information Collection

When you use the Company Websites, certain third parties may use automatic information collection technologies to collect information about you or your device. Third parties that are contracted with by the Company for the provision of services related to the Website ("Integrated Third Parties") include:

- Authentication providers (e.g., Google/Firebase Authentication).
- Blockchain nodes and infrastructure providers (e.g., Solana Network, RPC nodes).
- Market data providers for cryptocurrency pricing.

Information provided to Integrated Third Parties should not be used for any other purpose outside of fulfilling their service to the Company.

## How We Use Your Information

We use information that we collect about you or that you provide to us, including any personal information, to:

- Track your ELO ratings, match history, and XP reward outcomes.
- Develop, manage, and distribute our reward program allocations.
- Provide you with the Website features (including matchmaking and real-time chess boards).
- Give you notices about your account.
- Carry out our obligations and enforce our rights arising from the Terms of Use, including related to the payment of game fees, withdrawals, or reward claims.
- Employ chess-specific anti-cheating and anti-fraud algorithms and features (e.g., analyzing move times and patterns to detect the use of chess engines).
- Track the performance of the Website and improve company practices.

The usage information we collect helps us to improve our Company Websites and to deliver a better and more personalized experience by enabling us to:

- Provide skill-based matchmaking (matching you with opponents of similar ELO).
- Maintain compliance, financial, tax, and other legally required records.
- Improve Website performance and server routing (latency tracking).

We use location information we collect to ensure that you are in a jurisdiction where the use of the Website is authorized or to assist in the confirmation of your identity, and for no other purposes.

## **Disclosure of Your Information**

We may disclose: (i) aggregated information about our users in a de-identified form, (ii) information that does not identify any individual or device, and (iii) Posted information without restriction.

In addition, we may disclose personal information that we collect or you provide:

- To contractors, service providers, and other third parties we use to support our business, who are bound by contractual obligations to keep personal information disclosed to them confidential.
- To a buyer or other successor in the event of a merger, divestiture, restructuring, reorganization, dissolution, or other sale or transfer of some or all of the Company's assets.
- To fulfill the purpose for which you provide it. For example, your username and ELO rating will become publicly associated with your Website account on leaderboards and during matches.
- To comply with any court order, law, or legal process, including to respond to any government or regulatory request.
- To enforce our rights arising from any contracts entered into between you and us, including the Terms of Use.
- To execute game fee transactions, reward claims, and withdrawals on the blockchain.
- If we believe disclosure is necessary or appropriate to protect the rights, property, or safety of the Company, our customers, or others. This includes exchanging information with other organizations for the purposes of anti-cheating enforcement and fraud protection.

The Company does not currently sell any personal information.

## Your Rights Relating to Your Information

Subject to the limitations and exceptions in applicable law, including but not limited to exceptions related to required retention of data for tax or financial purposes, for anti-fraud and anti-cheating purposes (e.g., retaining game logs to verify fair play), and for system functioning, you have the following rights related to your information:

- **Right to Access Your Personal Information.** You have the right to access the personal information we have collected from you.
- **Right to Correct Your Personal Information.** You have the right to correct errors in the personal information we store (e.g., updating your username).
- **Right to Deletion.** You have the right to delete your personal information subject to certain legal exceptions (e.g., on-chain transactions cannot be deleted). If you make a request to delete your personal information, we will delete or de-identify all information that is not subject to an exception.
- **Right to Opt Out of the Sale/Sharing of Your Personal Information.** You have the right to opt out of the sale or sharing of your personal information. As stated, SolaOne does not currently sell your data.

To exercise your rights, you may contact customer support by emailing [contact@solaone.fun](mailto:contact@solaone.fun). You will be required to verify your identity using the Company's then-in-effect identity verification process.

## **Data Security**

We have implemented measures designed to secure your personal information from accidental loss and from unauthorized access, use, alteration, and disclosure. Account access is secured via established third-party authentication protocols (such as Google Login).

The safety and security of your information also depends on you. You are responsible for keeping your login credentials (e.g., your Google account) secure and confidential. We ask you not to share your credentials with anyone. Any transactions or claims processed through an authenticated session will be deemed authorized by you.

Unfortunately, the transmission of information via the internet is not completely secure. Although we do our best to protect your personal information, we cannot guarantee the security of your personal information transmitted to or through our Websites. Any transmission of personal information is at your own risk.

## **Changes to Our Privacy Policy**

We may update our privacy policy from time to time. If we make material changes to how we treat our users' personal information, we will post the new privacy policy on this page. The date the privacy policy was last revised is identified at the top of the page. You are responsible for periodically visiting this privacy policy to check for any changes.

## **Contact Information**

To ask questions or comment about this privacy policy and our privacy practices, or to register a complaint or concern, please contact us at [contact@solaone.fun](mailto:contact@solaone.fun).

## **Governing Law and Dispute Resolution**

This Privacy Policy arises under the Company's Terms of Use and any dispute between you and the Company related to this Privacy Policy shall be governed by the arbitration provisions contained in the Terms of Use and the law applicable to such disputes as contained therein, except to the extent an alternative choice of law is required under applicable law.
